Leandro Viana

Senior Frontend Developer | React & TypeScript | Microfrontends Specialist

Campo Grande, Mato Grosso do Sul, Brazil

Summary

Creating engaging, high-quality frontend applications since 2018. Experienced in Vue and, for the past five years, specializing in React and TypeScript. Skilled at collaborating with global teams across Latam, Asia, EU, USA, and Canada in fast-paced consultancy environments.

Passionate about crafting visually appealing, user-focused solutions. Love working with designers to turn ideas into pixel-perfect interfaces, experimenting with colors, borders, curves, and animations.

Team-oriented, creative, and adaptable—if it's collaborative, I'm all in.

_____

Experience

CI&T
Senior Software Engineer
October 2023 - Present (2 years)
Campinas

Spearheading the advancement of state-of-the-art frontend applications utilizing React.js, leading to noticeable enhancements in user engagement and satisfaction.

We are working closely with interdisciplinary teams to craft scalable and user-friendly interfaces that meet business objectives and user requirements always enforcing responsive design principles to guarantee smooth user experiences across various devices and screen resolutions.

We are committed on staying updated on the latest trends and technologies in frontend development, steering continuous improvement efforts within the team.

nstech
Senior Frontend Software Engineer | BU Insurance Market
April 2023 - September 2023 (6 months)
Indaiatuba, São Paulo, Brasil

Leading the development of a new Logistics Insurance platform.

Heading and instructing the team on how to migrate a old .NET Framework 4.5.2 application to a React project with Micro-Frontends.

Thoughtworks
Consultant Software Engineer
December 2021 - February 2023 (1 year 3 months)
Chicago, Illinois, Estados Unidos

Worked as a consultant with leading companies around the world.

We delivered not only code, but amazing experiences and products built with React in a microfrontends architecture.

I've worked alongside with amazing people from France, Spain, USA, Brazil, Ecuador, Portugal and many others.

Solved many problems with Typescript, Jest, Axe and Playwright.
